Michelle Boston to Lead Partners Imaging Information Systems

DALLAS - July 27, 2005 – Partners Imaging announced today that Michelle Boston has been named the company's vice president, information services, effective immediately.

Boston will report directly to Michael C. Zucker, chief executive officer of Partners Imaging. She joins Partners Imaging from her position as IT director, transition management office at Affiliated Computer Services (ACS), a Dallas-based Fortune 500 company that provides business process and information technology outsourcing solutions to commercial and government clients.

"I am delighted that Michelle Boston is joining the management team of Partners Imaging. She brings a tremendous amount of experience, leadership and vision to our company as we develop the infrastructure necessary to provide technology planning, data transfer, and storage management solutions to our physician partners," Zucker said.

Boston said, "I am excited about the opportunity to work for a company that is leading the industry in building partnerships to provide the most advanced cardiac diagnostic services throughout the country."

Earlier in her career, Boston served as IT director at Royal & Sun Alliance Insurance and in various management roles for Sea-Land Services, Ernst & Young, and Electronic Data Systems.

Boston has a bachelor's degree in business administration from Texas A&M University in College Station, TX where she graduated magna cum laude.
